LOVE FOR ALL HATRED FOR NONE

**His Holiness Mirza Masroor Ahmad
Khalifatul Masih V**

There is currently great agitation and restlessness in the world. In some areas small-scale wars have broken out, while in other places the superpowers act on the pretext of trying to bring about peace. Each country is engaged in activities to either help or oppose other countries, but the requirements of justice are not being fulfilled. It is with regret that if we now observe the current circumstances of the world, we find that the foundation for another world war has already been laid...

Hence, I believe that now, rather than focusing on the progress of the world, it is more important and indeed essential, that we urgently increase our efforts to save the world from this destruction. There is an urgent need for mankind to recognize its One God, Who is our Creator, as this is the only guarantor for the survival of humanity; otherwise, the world will continue to rapidly head towards self-destruction.

“

The world is passing through very turbulent times. The global economic crisis continues to manifest newer and graver dangers almost every week. The similarities to the period just before the Second World War continue to be cited and it seems clear that events are moving the world at an unprecedented pace towards a horrific third world war. There is an overwhelming sense that things are quickly getting out of control and people are looking for someone to step on to the stage to offer concrete, solid, guidance in which they can confidence and that speaks to their heart and mind alike an gives them hope that there is a path that can lead to peace. The consequences of a nuclear war are so catastrophic that none dare even think about them.

Over the past several years Hadrat Mirza Masroor Ahmad, the Head of the worldwide Ahmadiyya Muslim Community has put forth just such guidance.

He has been fearless in announcing to the world where things are heading - not to create alarm but to prepare them to think about how the world has arrived in this state of being and how it can avert disaster and chart a course to peace and security for all the people that inhabit this global village.

He has forthrightly proclaimed that the only way to insure peace is for the world to adopt the ways of humility and justice and to humbly, submissively, turn to God; for man to become humane; for the strong to treat the weak with dignity and respect and justice and for the weak and poor to also to show gratitude and adopt the ways of truth and righteousness and for all to turn to their Creator in utter humility and total sincerity.

Again and again he has reminded one and all that the way back from the brink of disaster is for nations to make justice an absolute requirement of their dealings with each other. Even if there is enmity between them they need to still observe justice because history has taught us that this is the only way to eliminate all traces of future hatreds and thus build a lasting peace.
